

14th European Signal Processing Conference

# EUSIPCO 2006

September 4-8, 2006, Florence, Italy

European Association  
for Signal, Speech and  
Image Processing

## CALL FOR PAPERS

The 2006 European Signal Processing Conference (EUSIPCO-2006) is the fourteenth in a series of conferences promoted by EURASIP, the European Association for Signal, Speech, and Image Processing ([www.urasip.org](http://www.urasip.org)). Formerly bian-nual, this conference turns for the second time into a yearly event. This edition will be organized by the University of Pisa in the Palazzo dei Congressi, at the very heart of Florence, the capital of Italian Renaissance.

EUSIPCO-2006 will focus on the key aspects of signal processing theory and ap-plications as listed below. Exploration of new avenues and methodologies of signal processing will also be encouraged. Accepted papers will be published in the Pro-ceedings of EUSIPCO-2006. Acceptance will be based on quality, relevance and originality. Proposals for special sessions and tutorials are also invited.

### Areas of Interest

- Audio and Electroacoustics
- Design and Implementation of Signal Processing Systems
- Image and Multidimensional Sig-nal Processing
- Multimedia Signal Processing
- Signal Detection and Estimation
- Sensor Array and Multichannel Processing
- Signal Processing for Communi-cations
- Speech Processing
- Education in Signal Processing
- Nonlinear Signal Processing
- Medical Imaging and Image Analysis
- Signal Processing Applications (Biology, Geophysics, Seismic, Radar, Sonar, Remote Sensing, Astronomy, Bio-informatics, Positioning etc.)
- Emerging Technologies

### Best Student Paper Awards

There will be a student paper contest. Student authors who appear as first authors in a paper may enter the student paper contest.

### Submission

Procedures to submit a paper, proposals for special sessions/tutorials, can be found at [www.eusipco2006.org](http://www.eusipco2006.org). Submitted papers must be camera-ready, final, no more than five pages long all inclusive and conforming to the format specified on the EUSIPCO web-site above.

### Important Dates

**Proposals for Special Sessions and Tutorials: December 02, 2005**

**Submission of Full papers: January 20, 2006**

**Notification of Acceptance: April 07, 2006**

**Submission of Camera-Ready Papers and Registration: May 05, 2006**
