ABSTRACT

EUSIPCO 2006 welcomes the submission of high-quality papers in all areas of Signal Processing. This manuscript uses preformatted Microsoft® WORD styles, which stick to the format and style instructions for EUSIPCO 2006. These instructions are presented and some general information regarding paper preparation and submission is provided.

1. GENERAL INFORMATION

The purpose of the instructions collected in this manuscript is to specify the format and style of admissible EUSIPCO 2006 papers and to facilitate paper submission and review. First of all, here is some general information about the paper preparation, submission, and review process.

- Papers submitted to EUSIPCO-2006 must describe original, unpublished work. The papers must contain a complete description of the ideas presented and applicable research results
- Papers must conform to the format and style specified in Section 2. The deadline for the submission of full papers is Jan. 20, 2006. The maximum paper length including figures and references is five (5) pages. No person may appear as author (first author or co-author) on more than **four** papers.
- Based on comments from the reviewers, it will be possible to make changes to your paper before it is submitted in its final, camera-ready form on May 5, 2006.
- All submitted papers that conform to the style instructions specified in Section 2 will be reviewed by anonymous reviewers, selected by the conference committee for their demonstrated knowledge of particular topics. The review process will be carried online and the results of the reviewing will be posted on this website, and authors will also be notified of the review results by email.
- Accepted papers will be published in the EUSIPCO 2006 Proceedings (CD-ROM).
- At least three best paper awards will be presented to authors with student status. The **student** author's name must appear **first** on the paper. If you are eligible, please check the appropriate box during the submission process.

- At least one author of each accepted paper **must register** for the conference no later than May 5, 2006. (The EUSIPCO 2006 registration site will be opened in due time)

2. PAPER FORMAT AND STYLE

In case of acceptance of your paper, the electronic paper version (**PDF file**) submitted by you will be directly reproduced in the EUSIPCO 2006 Proceedings. Your strict adherence to the format and style specifications described in this section is required to maintain uniformity of appearance throughout the Proceedings. Although this "sample paper" was typewritten using Microsoft® WORD and then converted in PDF format, by no means EUSIPCO 2006 suggests or requires that your paper be prepared using such software.

2.1 Format

- The maximum paper length including figures and references is five (5) pages.
- **Do not put page numbers on your document.** We will add appropriate page numbers to accepted papers when the conference proceedings are assembled.
- All material must fit in a 176 x 240 mm (6.93 x 9.45 inch) area with a left margin of 17 mm (0.67 inch) and a top margin of 25 mm (1 inch). On the first page, the top margin has to be 32 mm (1.26 inch).
- All text must appear in two columns with a column spacing of 6 mm (0.24 inch). Figures and tables may span the two columns if necessary.

2.2 Style

- All text must be single-spaced.
- The recommended font size is 10 point. The font size must be at least 9 point (capital letters at least 2 mm high) and at most 11 point.
- The recommended font is Times Roman or Times New Roman.

2.2.1 Title Area

- The paper title is to appear in boldface capital letters, centered across the top of the two columns on the first page. The recommended font size for the paper title is 13 point.

- The name(s) of the author(s) should appear below the title in *italic* letters, followed by the affiliation(s), address(es), and email address(es).

2.2.2 Abstract

- The paper abstract appears below the title area on the first page as the first item on the left-hand column.
- The text of the abstract should be in *italic* letters.
- Allow 11 mm (0.43 inch) vertical space between title area and abstract.
- The abstract should not contain more than 150 words.

2.2.3 Headings

- Major headings should be numbered and appear in boldface capital letters, centered within the respective column.
- Subheadings should be numbered, left aligned in the respective column, and in boldface letters.
- Sub-subheadings—if they cannot be avoided—should be left aligned in the respective column and in italic letters; they may be numbered.

2.2.4 Equations

Equations should be centered within the respective column, e.g.,

$$C = \frac{1}{2} \log_2 \left(1 + \frac{P}{\sigma^2} \right). \quad (1)$$

We recommend labeling only those equations that are referenced in the paper.

2.2.5 Figures and Tables

- All figures and tables must be referred to in the paper. They must be numbered and have captions (see above). They may be in colour provided that they appear clearly when printing in grey shades.
- Figures and tables should be placed at the top of the respective page/column if possible. "Wide" figures and tables may span the two columns.

2.2.6 References

- References are numbered either in order of appearance in the paper or in alphabetical order.
- They are referred to by the respective reference number enclosed by square brackets (e.g., [2]).

3. PAPER SUBMISSION

Papers must be submitted through the EUSIPCO 2006 submission system at

<http://www.eusipco2006.org/>

under the item *Papers Submission* on your left-hand side of the webpage. When entering the electronic submission system for the first time, you will have to "sign up" to get a user ID and password.

Accepted file format is PDF.

- All fonts used must be embedded in the PDF file. However, Asian fonts must **not** be used nor embedded. Documents that do not print correctly on a PostScript printer cannot be accepted. (When printing the PDF file, make sure that the "shrink to fit" box is not checked!). Providing a correct and printable PDF file is entirely under the authors' responsibility. If the pa-

per is not printable, the review procedure will not be initiated.

Figure 1 - Structure of an all-optical packet router

In addition to uploading their paper, authors are required to provide the following information (ASCII text) via the submission web site:

- Paper title,
- Affiliations, email addresses, and mailing addresses for each author
- Text file containing paper abstract text, in ASCII text format (for copying and pasting into web page form) (no more than 150 words), and
- Two topic areas for the paper.

After you submit the information on the paper title, abstract text, review category, and author contact information, the system will display a page (*registering paper*) with the data that you entered so that you may verify its accuracy. If you need to change the data to fix a mistake, you may use the back button on your browser to return to the information entry form. After approval of your data, you may choose your document file for upload at the bottom ("*upload string*") of the "registering" page. Your browser will upload your file to the EUSIPCO 2006 server. At the end of a successful upload, you will see a confirmation page displaying the paper number that is assigned to you, the dimension of the paper and the uploading date. An email message will be sent to the authors' email addresses to confirm that the file has indeed been registered and uploaded. If you do not see the confirmation page or the e-mail after uploading your file, we may not have successfully received your file upload. If you encounter trouble, contact the paper submission support at:

edas-help@edas.info

Further information on the submission procedures and/or on the rules to prepare a final camera-ready paper can be obtained from the contact person of the organizing committee, Dr. M.S. Greco, m.greco@iet.unipi.it.

4. REVIEW PROCESS

A committee of reviewers selected by the conference Technical Program Committee (TPC) will review the submitted papers and rate them according to quality, relevance, and correctness. The conference TPC will use these reviews to determine which papers will be accepted for presentation in the conference, and in which form (oral/poster). The result

of the technical committee's decision will be communicated to the submitting authors by email, along with any reviewer comments (if any).

5. REGISTER FOR THE CONFERENCE

Be sure that at least one author registers to attend the conference using the online registration system available through the conference website:

<http://www.eusipco2006.org/>

under the item *Registration* on your left-hand side of the webpage. Each paper must have at least one author registered. The **payment must be received** by the deadline of the author registration.

6. IMPORTANT DATES

Paper submission deadline: January 20, 2006

Notification of acceptance: April 7, 2006

Camera-ready final paper due: May 5, 2006

Deadline for authors' registration: May 5, 2006
